Skills

English
Professional working proficiency.

Programming
Wide knowledge of a variety of programming languages: C, C++, Pascal, Python, SQL.

Mobile App
Android Studio (beginner), Flutter (beginner), Adobe XD (beginner).

Computer Science
Proficient in basic data structures and algorithms.

Team work
Monitored multiple projects, from the idea to the final projects, including all the projects listed here.

Licenses & Certifications

1. Saigontech IT Bootcamp 2019 Robotics certification.

2. Consolation prize of the national competition Tin hoc tre 2021.

3. Silver medal in Informatics at the Phuong Nam Summer Camp Competition 2019

4. Member of the national team at the Vietnam Science and Engineering Fair, System Software field.

Summary

I am a hard-working and ambitious individual with a great passion for computer programming. I am currently in my second year of studying Information Technology at the University of Science, VNU-HCM. I have excellent communication skills, which enable me to effectively communicate with a wide range of people. I am seeing an opportunity in the industry in which I can put into practice my knowledge and experience, ultimately benefiting the operations of the organization that I work for.

Projects

BEE - Be English Expert   `Aug 2020 - Nov 2021`
Vietnam Science and Engineering Fair

An Android application helps students learn and improve their English skills. Developed during the COVID-19 pandemic, it now has more than 1900 downloads and a 4.8 star rating in the Google Play Store. Built on Android Studio, Java, Kotlin, and Firebase.

Food Menu Software   `Jun 2022 - Aug 2022`
Computer Network, VNU-HCMUS

A small project that allows users to order food on the devices and send their choices to the server. Based on Python, Tkinter, SQLite and source control by Git.

A course registration system   `Feb 2022 - May 2022`
Programming Techniques, VNU-HCMUS

A system for managing students in the school. Developed from C++ and Git.

Tic Tac Toe Game   `Oct 2021 - Dec 2021`
Introduction to Programming, VNU-HCMUS

A small Tic Tac Toe game featuring an AI bot that player can never beat it.

Education

Specialized in Informatics   `2018 - 2021`
Thoai Ngoc Hau high school for the Gifted

Spent most of time working on algorithms and data structures, solving competitive programming contests.

BSc in Information Technology   `2021 - currently`
University of Science, VNU-HCM

Currently studying, GPA: 3.7.
